

Software Engineer

<https://www.linkedin.com/in/example-profile>  Colombo, Sri Lanka

As a Software Engineer with 3 years of experience, I have honed my skills in C# and web development. I excel in creating efficient, scalable applications and have a proven track record of improving performance and reducing bugs. I thrive in collaborative environments and am committed to staying updated on emerging technologies to drive project success.

Software Engineer	08/2020 - Present
Tech Innovations Ltd.	Colombo, Sri Lanka

- Developed and maintained web applications using C#, ASP.NET Core, and SQL Server.
- Reduced API response time by 30% through efficient code optimization and caching strategies.
- Implemented unit testing processes that decreased bugs by 25% before deployment.
- Collaborated within Agile team environments, participating in weekly sprints and retrospectives.

Junior Software Engineer	06/2019 - 07/2020
Creative Solutions Pvt. Ltd.	Colombo, Sri Lanka

- Designed and implemented RESTful APIs for multiple web applications.
- Utilized Entity Framework Core to develop efficient database interactions, improving data retrieval times by 20%.
- Worked with Git for version control and collaborated with a team of developers on various projects.

Bachelor of Science in Software Engineering 09/2016 - 07/2020
University of Colombo Colombo, Sri Lanka
