Professional Summary

Senior Frontend Engineer with 7+ years of experience building scalable, high-performance web applications. Proficient in React, TypeScript, and modern CSS frameworks. Proven track record of leading frontend teams, architecting complex UI systems, and delivering exceptional user experiences. Passionate about clean code, accessibility, and performance optimization.

Education

- Bachelor's Degree in Computer Science at Fauget University
(Aug 2014 - Dec 2018)
- Borcelle International High School
Larana City
(Aug 2010 - Dec 2014)

Work Experience

Senior Frontend Engineer

TechCorp Solutions | Jan 2021 - Present

- Led the architecture and development of a React-based design system used across 10+ product teams.
- Improved application performance by 40% through code splitting, lazy loading, and caching strategies.
- Mentored junior developers and conducted regular code reviews to maintain high code quality.
- Drove adoption of TypeScript and unit testing, increasing test coverage from 20% to 80%.

Frontend Engineer

Fauget Tech Company | Jun 2018 - Dec 2020

- Developed reusable component libraries and contributed to frontend best practices documentation.
- Collaborated with UX/UI designers to implement pixel-perfect, accessible interfaces aligned with WCAG 2.1 standards.
- Integrated RESTful and GraphQL APIs, ensuring robust error handling and seamless data flow.

Skills

- Expert in React, TypeScript, JavaScript (ES6+), HTML5, and CSS3/SCSS.
- Strong understanding of UI/UX principles, accessibility (WCAG), and responsive design.
- Skilled in performance profiling, debugging, and optimizing large-scale frontend applications.
- Proficient with Next.js, Vue.js, Webpack, Vite, and modern build tooling.
- Experienced with CI/CD pipelines, Git workflows, and Agile/Scrum methodologies in cross-functional teams.
