SUMMARY

I am a Frontend Developer with a passion for creating responsive and user-friendly web interfaces. With experience in modern frameworks such as React and Angular, I enjoy translating UI/UX designs into functional applications. I thrive in collaborative environments, working closely with backend developers and designers to deliver high-quality web solutions.

EXPERIENCE

Frontend Developer 05/2020 - Present
Tech Solutions Inc. Tech City, ST

A company specializing in innovative web solutions.

- Developed responsive web applications using React.js and integrated them with REST APIs.
- Collaborated with designers to convert UI/UX designs into functional web pages.
- Maintained existing applications and improved website performance and usability.

Junior Frontend Developer 07/2019 - 04/2020
Creative Agency Ltd. Creative City, ST

An agency focused on creating stunning web interfaces and applications.

- Built reusable frontend components with Angular and tested their performance across devices.
- Integrated frontend applications with various REST APIs while ensuring quality assurance.
- Utilized Git for version control during collaborative projects.

EDUCATION

Bachelor's Degree in Computer Science 09/2015 - 06/2019
University of Technology Cityville, ST
